

## SPONSORSHIP DETAILS

God bless you for considering supporting The Nebraska Living Times through being a sponsor for the newspaper. Ads and sponsorships are the most important way that the newspaper generates money to print and function each month.

Sponsors of the newspaper make the paper available free-of-charge to their customers, their church, their friends and family, or at another location of their choosing—convenience store, homeless shelter, women's resource center, etc.

For \$125 a year, you will receive 10 papers per month for distribution. The Nebraska Living Times will also provide you with a stand that indicates that you are sponsoring the newspaper, if you want one. The papers will be mailed to you each month, or to the location that you choose to display them.

For 20 papers a month the price would double to \$250 and so on.
